Classic Drawing Class

9am-noon

Novice to Advanced

Classical cast drawing techniques enables the artist to improve his or her ability to identify shapes and values of any three-dimensional subject. The student will be taught on how to use charcoal, pastel and other drawing aids to make an accurate reproduction of a white plaster sculpture. This time honored approach of academic drawing has been used for centuries by European Art Schools and is considered a necessity to develop eye/hand skills for oil painting and sculpture.

8 Classes

Where: 2408 Acacia Rd., Port Republic, MD
(15 miles. N. of Solomons, MD and 50 miles. S. of Washington, D.C.)

Contact the studio regarding materials list and driving directions.
