“Oil Painting from Photos”

9am-noon

Intermediate to Advanced

This class assists the student with the process of making an accurate reproduction of a subject using photographs or digital images. The step by step process begins by developing drawings of the live model and then preparing the canvas using this study with the photographic reference. We will also be focusing on a variety of oil painting techniques including alla prima (one-day sitting/ thick application) and glazing. Students are instructed on identifying values of light and color and transcribing them onto canvas. Previous oil painting and drawing experience is recommended.

8 Classes 249.00 plus model fees

Maximum enrollment: 6

Where: 2408 Acacia Rd., Port Republic, MD
(15 miles. N. of Solomons, MD and 50 miles. S. of Washington, D.C.)
